

Lab Report Sheet

The Principle: The Volkswagen Jetta Principle

The Theory: You impact the field and draw from it according to your beliefs and expectations.

The Question: Do I really see only what I expect to see?

The Hypothesis: If I decide to look for sunset-beige cars and butterflies (or whatever I decide to look for), I will find them.

Time Required: 48 hours

Today's Date: _____ **Time:** _____

The Approach: According to this crazy Pam Grout girl, the world out there reflects what I want to see. She says that it's nothing but my won illusions that keep me from experiencing peace, joy, and love. So even though I suspect she's cracked, today I'm going to look for sunset-beige cars. Tomorrow, I'll go butterfly hunting.
